- Science policy
- Science diplomacy
- Transitioning from academia to policy

WORKSHOPS AND SEMINARS (VIRTUAL OR IN PERSON)

Luz M. Cumba García, PhD

Immunologist, Policy Advisor, and Science Communicator

ABOUT ME

I am an immunologist working at the intersection of biomedical science, public policy, and science diplomacy. As a Latina scientist, science communicator, and policy advocate, I leverage my academic training, personal background, and culture to engage underserved communities with science and the policymaking process.
